1. **Parties.** This is a contract for services between the State of Vermont, Department of Vermont Health Access (hereafter called "State"), and Raymond Taylor (hereafter called "Contractor"). It is the Contractor's responsibility to contact the Vermont Department of Taxes to determine if, by law, the Contractor is required to have a Vermont Department of Taxes Business Account Number.
2. **Contract Term.** The period of Contractor's performance shall begin on April 15, 2020 and end on April 14, 2021. Either party may cancel this agreement by giving written notice at least thirty (30) days in advance.
3. **Maximum Amount and Payment Provisions.** In consideration of the services to be performed by Contractor, the State agrees to pay Contractor, in accordance with the payment provisions specified herein, a sum not to exceed \$9,975.00. This maximum amount is not a guaranteed amount. Payment shall be contingent upon satisfactory performance by the Contractor. Payment terms shall be Net 30 days from an error-free invoice. Invoices must detail all work performed during the invoice period and the amount(s) payable therefore in accordance with the schedule for deliverables and/or rates for services set forth below. For any schedule for deliverables set forth herein, Contractor shall only submit invoices following State acceptance of the applicable deliverable or deliverable milestone.

The Contractor shall be Paid in four installments corresponding with successful completion of the phases described in Attachment A:

Phase 1: Determine project parameters according to State policy

Phase 2: Adjustment and Testing of the Tool

Phase 3: Delivery of Tool and On-Site Training

Phase 4: Product support

Contractor may submit an invoice to the state in the amount of \$2,493.75 after satisfactory completion of each of the above phases. This amount shall be released to the contractor only after an approval signature on the invoice from the State point of contact.

As mentioned in the description of project Phase 3, the travel costs associated with on-site training are built into the payment for successful completion of this phase.

4. **Scope of Work.** The subject matter of this contract is development of a Microsoft Excel tool to perform statistically valid extrapolations for State Medicaid Program Integrity Unit audits. Detailed services to be provided by the contractor are as follows:

DEFINITIONS

Extrapolation: Statistical sampling for overpayment estimation / extrapolation. A contractor will use a supplier/provider claim history (paid and/or partially paid claims) as part of the post payment review. A sample of claims, a subset of the claim history, is pulled. The sample is considered a statistical sample which is different from a Probe sample. Once reviewed, the sample is used to calculate and extrapolate the sample error rate to the claims universe. The extrapolation calculations determine the overpayment amount.

RAT-STATS: A free statistical software package created by the Office of Inspector General (OIG) in

Revision Date: 12/10/2018

the late 1970s, is also the primary statistical tool for OIG's Office of Audit Services.

Error Rate: The percentage of a Medicaid provider's claims that are deemed to be improperly billed based on medical record review and/or medical coding review.

INTRODUCTION/OVERVIEW

The purpose of this Agreement is for the Contractor to develop a Microsoft Excel-based tool that will perform statistically valid extrapolations for State Medicaid Program Integrity Unit audits. Using extrapolation will allow the State to apply an error rate to large volumes of claims to determine an overpayment from a Medicaid provider, as opposed to basing the overpayment exclusively on individual claim and medical record review.

Both the Contractor and the State recognize that in order to use this tool, the State must first establish a statistically valid random sample via the usage of RAT-STATS, and a calculation of a provider's error rate.

DELIVERABLE

The Contractor shall perform the following duties according to a four-phase schedule:

Phase 1: Determine project parameters according to State policy

The State will assist the Contractor with identifying Medicaid Program Integrity policies and procedures that may influence the process of statistical sampling and extrapolation. This is to be achieved through phone call and email communication, as the Contractor prepares to create the Excel tool.

Phase 2: Adjustment and Testing of the Tool

The Contractor shall make any adjustments necessary to the tool that will allow for statistically valid extrapolation within the operations of the State Medicaid Program Integrity Unit. The State will provide the contractor with relevant policies and procedures that may affect the development of the tool, such as the Program Integrity Unit's overpayments & appeals process, and Vermont Medicaid's universe of claims data. The Contractor shall test the tool by using audit scenarios provided by the State in order to verify that the output of the tool is a statistically valid extrapolation, and that there are no errors encountered. If any errors are discovered, Contractor will mitigate these errors within the tool prior to advancing to "Phase 3".

Phase 3: Delivery of Tool and On-Site Training

The Contractor shall develop a training for the Microsoft Excel tool which includes on-site instruction in Waterbury, Vermont at a date mutually agreed upon by both parties. The travel costs for this activity shall be built into the payment terms described in Attachment B. The training will cover the following topics:

- a. How to create a random sample using RAT-STATS and apply it to the extrapolation tool
- b. How to duplicate a random sample that was previously extracted by an individual Program Integrity Unit Auditor
- c. How to stratify a universe (statistical technique used to divide a universe of data into similar groups)
- d. Calculating an error rate, and its meaning
- e. The proper use of confidence levels (statistical term for the probability that a population parameter will fall between two set values)
- f. A start-to-finish demonstration of how to use the tool to arrive at an extrapolated overpayment amount, using a Program Integrity Unit provider audit example

The State agrees that the tool being developed is specifically designed for the Vermont Medicaid Program Integrity Unit and is not designed to be used outside of this unit's scope of work.

Phase 4: Product support

The Contractor agrees to support the State with issues that arise from usage of this tool for a total of 90 (90) days following the date of the on-site training described in Phase 3 of this agreement. During this time, the Contractor shall be available to the State for consultation via e-mail for questions relating to the operation of the Extrapolation tool.

5. ***Sole Source Contract for Services.*** This Contract results from a “sole source” procurement under State of Vermont Administrative Bulletin 3.5 process and Contractor hereby certifies that it is and will remain in compliance with the campaign contribution restrictions under 17 V.S.A. § 2950.

WE THE UNDERSIGNED PARTIES AGREE TO BE BOUND BY THIS CONTRACT.

8.4 *Business Associate* shall notify *Individuals* of *Breaches* as specified in 45 CFR § 164.404(d) (methods of *Individual* notice). In addition, when a *Breach* involves more than 500 residents of Vermont, *Business Associate* shall, if requested by Covered Entity, notify prominent media outlets serving Vermont, following the requirements set forth in 45 CFR § 164.406.

12. 14.2 If *Business Associate* fails to comply with any material term of this Agreement, Covered Entity may provide an opportunity for *Business Associate* to cure. If *Business Associate* does not cure within the time specified by Covered Entity or if Covered Entity believes that cure is not reasonably possible, Covered Entity may immediately terminate the Contract or Grant without incurring liability or penalty for such termination. If neither termination nor cure are feasible, Covered Entity shall report the breach to the Secretary of HHS. Covered Entity has the right to seek to cure such failure by *Business Associate*. Regardless of whether Covered Entity cures, it retains any right or remedy available at law, in equity, or under the Contract or Grant and *Business Associate* retains its responsibility for such failure.

15. Return/Destruction of PHI.

15.1 *Business Associate* in connection with the expiration or termination of the Contract or Grant shall return or destroy, at the discretion of the Covered Entity, *PHI* that *Business Associate* still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. *Business Associate* shall not retain any copies of *PHI*. *Business Associate* shall certify in writing and report to Covered Entity (1) when all *PHI* has been returned or destroyed and (2) that *Business Associate* does not continue to maintain any *PHI*. *Business Associate* is to provide this certification during this thirty (30) day period.

15.2 *Business Associate* shall report to Covered Entity any conditions that *Business Associate* believes make the return or destruction of *PHI* infeasible. *Business Associate* shall extend the protections of this Agreement to such *PHI* and limit further Uses and Disclosures to those purposes that make the return or destruction infeasible for so long as *Business Associate* maintains such *PHI*.

16. **Penalties.** *Business Associate* understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of *PHI* and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure organizations.

17. **Training.** *Business Associate* understands its obligation to comply with the law and shall provide appropriate training and education to ensure compliance with this Agreement. If requested by Covered Entity, *Business Associate* shall participate in Covered Entity's training regarding the Use, Confidentiality, and Security of *PHI*; however, participation in such training shall not supplant nor relieve *Business Associate* of its obligations under this Agreement to independently assure compliance with the law and this Agreement.

18. **Miscellaneous.**

18.1 In the event of any conflict or inconsistency between the terms of this Agreement and the terms of the Contract or Grant, the terms of this Agreement shall govern with respect to its subject matter. Otherwise, the terms of the Contract or Grant continue in effect.

18.2 Each party shall cooperate with the other party to amend this Agreement from time to time as is necessary for such party to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA. This Agreement may not be amended, except by a writing signed by all parties hereto.

18.3 Any ambiguity in this Agreement shall be resolved to permit the parties to comply with the Privacy Rule, Security Rule, or any other standards promulgated under HIPAA.

18.4 In addition to applicable Vermont law, the parties shall rely on applicable federal law (e.g., HIPAA, the Privacy Rule, Security Rule, and HITECH) in construing the meaning and effect of this Agreement.

18.5 *Business Associate* shall not have or claim any ownership of *PHI*.

18.6 *Business Associate* shall abide by the terms and conditions of this Agreement with respect to all *PHI* even if some of that information relates to specific services for which *Business Associate* may not be a "*Business Associate*" of Covered Entity under the Privacy Rule.

18.7 *Business Associate* is prohibited from directly or indirectly receiving any remuneration in exchange for an *Individual's PHI*. *Business Associate* will refrain from marketing activities that would violate HIPAA, including specifically Section 13406 of the HITECH Act. Reports or data containing *PHI* may not be sold without Covered Entity's or the affected *Individual's* written consent.

18.8 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if Covered Entity determines that it would be infeasible for *Business Associate* to return or destroy *PHI* as provided in Section 14.2 and (b) the obligation of *Business Associate* to provide an accounting of disclosures as set forth in Section 12 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.
